As I reported at the December Council meeting, there was an additional sink hole repair that was added to the contract with Nerone & Sons, Inc.

This hole appeared in the treelawn at 35536 Quatermane Circle during the repairs to other locations on the project. In order to save remobilization costs, I instructed the contractor to repair this sinkhole also at the time they were working in the area, to be paid on a time and material basis.

I have reviewed and approved the cost for this extra repair. The approved invoice is attached.
